EXPERIENCES

Software Engineer at Flexicon Solutions Inc. | Valenzuela City, Philippines | Jul 2024 – Present

- Developed PAGCOR-authorized interactive gaming platforms using Vue.js, Nuxt.js, Storybook.js, Pug.js, Cypress, and Jest.
- Chosen as one of the key engineers to collaborate with international developers on building back-office systems (sensitive data) for online gaming platforms. (Full Stack)
- Led agile sprint cycles to deliver responsive, high-performance interfaces for back-office systems, ensuring alignment with technical standards and business goals.
- Established an automated Git workflow integrating Bitbucket and Jenkins to streamline PR management, branch tagging, and CI/CD deployments.

Full Stack Developer at Pamantasan ng Lungsod ng Valenzuela | Valenzuela City, Philippines | Jan 2024 – Jul 2024

- Developed a web application that handled over 12,000 student affairs records and processed 9,000+ cases and appeals, featuring secure data delivery to official school email without requiring student account creation.
- Engineered RESTful APIs, WebSockets, and microservices with Express.js and SocketIO, streamlining backend operations enough to handle a high volume of concurrent users while ensuring 99% system availability.
- Established CI/CD pipelines using Git and GitHub to streamline deployments and support consistent and traceable releases.
- Implemented user-friendly UI interfaces using React.js and Tailwind CSS, resulting increase in user satisfaction compared to the previous system.

Junior Web Developer at Asia Pacific Digital | Makati City, Philippines | Mar 2023 – Dec 2023

- Key contributor to the development of the BPI-AIA, AIA Philippines, and AIA Thailand websites.
- Developed user-friendly UI interfaces with Material UI and Bootstrap framework, leading to an increase in user engagement based on analytics data.
- Integrated and configured Google Tag Manager and Facebook Pixel to track user interactions, enabling advanced analytics and remarketing strategies.
- Configured dynamic meta tags in SPAs for accurate SEO and crawler rendering.

EDUCATION

Bachelor of Science in Information Technology | Pamantasan ng Lungsod ng Valenzuela | Jun 2020 - Aug 2024

- **Cum Laude | Dean's Lister Awardee | 2020 - 2024**
